Currently under construction, this outstanding home has no backyard neighbors and backs up to Elk Ridge Park. A fully finished ranch-style home features three bedrooms on the main floor, including a spacious master suite. The suite includes a tiled custom shower, a soaker tub, and a double-sink vanity. You'll love the walk-through to the master closet and the ample private space.

The main floor features an open-concept design with a large kitchen, a 10 ft. island, and a walk-in pantry. The living room features an outstanding A-frame design, tall ceilings, and glass throughout. It also has a gas fireplace with a modern shiplap surround and mantel. On your way to the large garage, you'll find a mudroom and a separate laundry room.

The fully finished walk-out lower level offers a spacious entertainment room with a wet bar. There are two additional bedrooms, a full bath, a hobby room, and a fully finished mechanical room. This home is being built with all Andersen Windows and LP SmartSide.
